Experience

May 2017 – Current

Teaching Assistant, The Coding Dojo – McLean, VA

Assists instructors in teaching through small lectures and live demos. Conduct code reviews with on-site students for Javascript (MongoDB, Express.js, AngularJS, Node.js), Python/Django and Ruby on Rails. Shadow and support current Instructors, while assisting and guiding students with troubleshooting their code to achieve proper functionality.

August 2016 – January 2017

Sales Coordinator, NCC Media – Bethesda, MD

Responsible for accurately entering and transmitting all spot cable media schedules for all assigned Account Executives.

February 2015 – July 2016

Owner/Personal Trainer, Athlete Academy LLC – Winchester, VA

Constructed fitness and nutrition regimens for clients while providing one on one and group instructions on fundamental to advanced training methods. Developed multiple business marketing strategies and partnered with local business for promotion purposes to gain clientele.
